

# Kindergarten IT Program

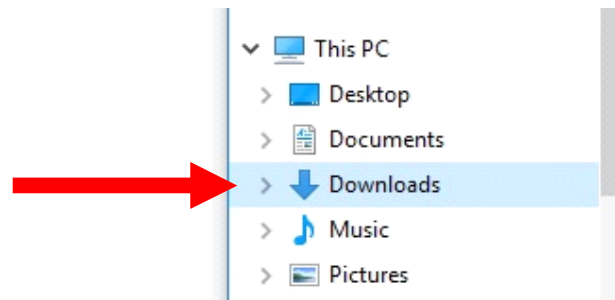

## Tip – Where to find my downloads?

1. Click on the Windows Start button and type "File Explorer", click on the search result as displayed below.

2. At the left hand site of the file explorer, click on the "Downloads" folder.

3. You can now find all your downloaded documents / software on the right hand side.
4. You can also make the folder a shortcut on your desktop by right click on the folder -> click "Send to" -> Click "Desktop (Create shortcut)"
